2. National Chlamydia Screening Programme

Salford Standard -Chlamydia Screening.docx

3. Alcohol referral Guidance

Practices are expected to do the following:

- Undertake AUDIT C on any patient who is 16 years or over, who has not been screened in the last 2 years.

Alcohol Audit.docx

- Offer AUDIT 10 to any patient who scores positive on AUDIT C (5 or more).
- Offer a brief intervention to all patients who score positive on AUDIT C, at the same time as undertaking AUDIT 10.
- Signpost patients scoring between 8 and 19 on the AUDIT 10 to the relevant support, i.e. the locally commissioned organisation that offers brief interventions (currently Being Well):

Being Well

Tel 0161 743 3575

4. Screening Contacts

Screening and Immunisation Contact.docx

5. TB Guidance

We are working to provide a local algorithm for this aspect of the standard. In the meantime, please work to ensure country of origin is recorded on the record of new registrants and any symptomatic cases are referred to the TB Service, Respiratory Department at Salford Royal FT on 0161 2063196 <https://www.gov.uk/government/publications/latent-tb-infection-ltbi-testing-and-treatment>

6. Long Acting Reversible Contraception Specification

Flu Vaccination Programme

See Screening Information sheet for contact details

The national flu plan is released every year closer to the flu season so as its released Public Health can provide the latest standard. Below is the flu champion programme information that we encourage every provider service to get involved with - we have badges available for those who need more.

Facts and myths and
guidance about Flu (v
